

## Vyas Edification Tie-Up for IIT-JEE and NEET Preparation

**Vyas Edification** is a dedicated academic partnership that provides specialized coaching for students aspiring to crack highly competitive exams like **IIT-JEE** (for engineering) and **NEET** (for medical sciences). This tie-up offers the following benefits:

- **Dedicated In-School Coaching:** The program provides on-campus classes specifically for IIT-JEE and NEET preparation, allowing interested students to receive high-quality coaching without needing to attend separate coaching centers. This saves time and reduces the stress of balancing school and external coaching.
- **Experienced Faculty:** Expert instructors from Vyas Edification bring extensive experience and expertise in competitive exam preparation. They focus on key subject areas, including Physics, Chemistry, Mathematics (for IIT-JEE), and Biology (for NEET), ensuring students are well-prepared for each exam section.
- **Comprehensive Study Material and Practice Tests:** Vyas Edification provides structured study materials, tailored practice tests, and periodic mock exams that align closely with the actual IIT-JEE and NEET exam formats, helping students familiarize themselves with exam patterns and improve their performance.
- **Enhanced Competitive Exam Readiness:** With this integrated coaching, students can work towards their goals within the school environment, gaining the skills, confidence, and discipline necessary to succeed in high-stakes competitive exams.

This collaboration underscores DPS Jhansi's commitment to supporting students in achieving their academic and career aspirations through accessible, in-depth coaching that's tailored to high-standard competitive exams.

## Benesse

**Benesse** is a globally recognized Japanese educational organization known for its high-quality resources and advanced learning programs. At DPS Jhansi, integrating Benesse's resources aims to:

- **Provide Globally Competitive Education:** Benesse programs introduce students to internationally recognized learning materials and methodologies, preparing them for both national and global academic standards.
- **Support Early Childhood Education:** Benesse has a particular focus on foundational education, making it ideal for younger students who are developing their basic literacy, numeracy, and cognitive skills.
- **Enrich Learning with Multimedia Content:** With Benesse's multimedia and interactive content, students can engage with subjects through videos, interactive quizzes, and games, enhancing understanding and retention.
- **Foster Independent Learning:** Benesse promotes self-study and independent learning habits, equipping students with study techniques and skills that build their confidence and self-discipline.

By integrating Benesse, DPS Jhansi aims to bring a global perspective to education, combining structured learning with innovative resources to develop well-rounded, adaptable students.
